2018 Junior Robotics League Competition Manual

1.1 OVERVIEW

This section provides Junior Robotics League (JRL) teams with the necessary information for contacting Team Driven members, information regarding finding additional parts, and suggestions for communicating with other teams.

1.2 DIRECTOR CONTACT INFORMATION

You can reach the League Director by e-mail, or get information from our website at <http://jrl.teamdriven.us>. Refer to the sections below for the appropriate help resource.

Be sure to provide your team number on all communications.

Anna Stephenson & Payton Stropes	jrlprogram.director@gmail.com
----------------------------------	--

1.3 TEAM SUPPORT

Team Driven staff members are prepared to answer questions regarding programming, building, or game rules. They can be contacted through the JRL director email or at workshops.

1.3.1 Getting Answers To Your Competition Questions

Game Manual and Updates: The Game Manual is available to view or download on the JRL website. Official Rule updates will be posted on a public Google Doc (the link to which can be found on the JRL website), as well as posted on the official JRL Facebook page.

<https://www.facebook.com/juniorroboticsleague>

Game Questions: If you have questions regarding the game, you can ask an appropriate staff member at a JRL workshop or send an email to the JRL program director. In addition, comments and questions on the official JRL Facebook page will be monitored and responded to. If a question seems relevant to the entire JRL community, it may be included on a public Q&A sheet found with official rule updates.

1.4 ADDITIONAL PARTS

Additional VEX parts may be ordered on-line at <https://www.vexrobotics.com/vexedr/products/accessories>. You may contact any Team Driven staff member with questions about these or any additional parts.

1.5 JUNIOR ROBOTICS LEAGUE WEBSITE

Visit the Junior Robotics League website at <http://jrl.teamdriven.us>, where you can find electronic copies of forms, check dates, and talk with other teams through our forum.
