

JUNIOR ROBOTICS LEAGUE

2023 Pricing Information

Option	Description	Cost
1	Returning Team using existing robot kit: This option is for teams that have previously participated in JRL and will not need a new robot kit. (Robot kits must be Vex Cortex or V5 systems)	\$350 per team \$20 late fee if received after the registration deadline
2	New Team Registration: This team registration option allows students to put together their own team of friends/classmates. This option is for teams that have not previously registered for a JRL season. This option includes a Vex V5 robot kit.	\$885 per team \$50 late fee if received after the registration deadline
3	Individual Registration: This option allows students to sign up as individuals and be placed with 2 or 3 other individuals to form a team. We do our best to group students on teams of similar grade levels or similar schools where possible. Each team formed will receive 1 Vex V5 robot kit. Once teams are formed, these parents will work together to determine who will serve as the coach for the team.	\$295 per student No late registrations allowed.
4	Returning team needing new robot kit: This option is for teams that have previously participated in JRL and would like a new V5 robot kit.	\$885 per team \$50 late fee if received after the registration deadline

There is a 48 team registration limit and we will close registration if this maximum is reached.

The 2023 season registration and payment deadline is Saturday, September 9, 2023.

Late registrations for individuals is not possible since we start forming teams as soon as registration closes. Team registrations received after the deadline will have a late fee applied and teams needing a Vex V5 robot kit may experience a delay in receiving their robot kit.
